Dear Sir/Madam,

My name is Phil Cunningham and it has been my honour to have been Durham County Schools' Football Association Chairman for the season 2017-18.

I am writing on behalf of DCSFA in order to try and harness your help and support in securing a long-term future for schools' football in County Durham. I appreciate the pressures of modern teaching in terms of time and commitment, but would you consider becoming involved in the future organisation and running of County Schools football?

We are actively looking to recruit teachers / volunteers to assist Durham County Schools in the following two areas of expertise

- First of all, help in running / coaching / managing our County football teams both boys and girls in order to ensure some continuity for the future of our representative teams. If you want to advance your experience working with players of exceptional talent, we are keen to hear from you.
- Finally, we are actively seeking staff to run some of the many County Cup competitions that DCSFA offer all schools.

All of these contributions can be rewarding in their own different ways and the current custodians at DCSFA would be more than willing to work alongside you and offer help, advice, support and encouragement to anyone who would be willing to take up the offer of helping to secure the long-term future of schools' football in County Durham.

I thank you for taking the time to read this e-mail and would sincerely hope that you consider becoming more involved in County Schools Football in the future. If you wish to discuss any matters raised please do not hesitate to contact either myself at [phil.cunningham1@talktalk.net](mailto:phil.cunningham1@talktalk.net) or our Secretary Keith Gilbertson at [kgilbertson@hotmail.co.uk](mailto:kgilbertson@hotmail.co.uk)

Kind Regards,  
Phil Cunningham
